THROUGH : Deputy Director for Support
SUBJECT : Cost Reduction

1. During the first half of FY 1966, the Office of Medical Services performed 2868 specialized blood chemistries by utilizing our Autoanalyzer. For the first half of FY 1967, we have performed 4399 tests. This is a net increase of 1531 additional tests compared with the same period during FY 1966, and a saving of \$5817 for this reporting period.

2. We are unable to report a saving for the first half of FY 1967 by utilizing our Audiometric Machine. We are hopeful, however, of increasing audiometric examinations during the last half of FY 1967 to such an extent that we shall meet the projected goal for the entire FY 1967.

3. The completed portion of Forms 2500 for the first half of FY 1967 is attached.
